

# Create an advance action plan in the event of a storm or flood (your family's disaster prevention plan and timeline)

## 1 Check the dangers in your home!! (P23-P44)

### Flooding damage

(1) Is your home in an assumed flooding area? Also, what is the assumed depth of the flooding?

Yes ~ m  No

What rivers can cause flooding?

Rivers and inland flooding

\* Confirm the assumed flooding area map of each river and inland water using the Shiga Prefectural Disaster Prevention Information Map

(2) Is your home in an assumed flooding area where homes can be destroyed?

\* Areas where there is a risk that houses will be washed away because of heavy water flows caused by a collapse or the like

Yes [ River ]  No

### Landslide disaster

(3) Is your home in a landslide disaster warning area or special warning area?

Yes, Warning area/special warning area

None of these apply

## 5 Think about your timeline

Consider the actions you need to take as a disaster progresses and your alert level increases.

## 2 Check your household situation!

(1) Do you have someone you must also consider?

\* An elderly person, someone who is physically disabled, need help or may need extra time during an evacuation

Yes Who is it? \_\_\_\_\_

Support method, number of people needed \_\_\_\_\_ People

\* If evacuation is difficult just for your family, periodically remind your neighbors you may need them to help.

No

(2) Is there a safe place to which you can evacuate? (A relative's home, a friend's home, or the like)

Yes Location, contact information, \_\_\_\_\_

transportation method, time required \_\_\_\_\_

by car, walking, others ( \_\_\_\_\_ ) • \_\_\_\_\_ minutes

## 3 Think about evacuation plan!

Refer to P45-46 to determine evacuation plan.

Horizontal evacuation (location, time required)

Friend's, or relative's home \_\_\_\_\_ • \_\_\_\_\_ minutes

City shelter, \_\_\_\_\_ • \_\_\_\_\_ minutes

Vertical evacuation

Place that is safer than in your home \_\_\_\_\_

## 4 Preparing for evacuation

(1) Things to prepare

▼ See P5-6 Our home's disaster prevention survival kits

Stockpile

Emergency survival kit

Items adapted to household conditions

(for women, infants, the elderly, people with physical disabilities, pets, and the like)

Others ( \_\_\_\_\_ )

(2) Emergency contact information and contact method

Telephone (contact information: \_\_\_\_\_ )  SNS (LINE, Twitter, or others)

Other ( \_\_\_\_\_ )

(3) Information collection method

Door-to-door receiver... Evacuation instructions, and the like, Shelter setup information, and the like

Smartphone, Mobile phone

• Emergency bulletin email... Evacuation instructions, and the like, special warning

• Disaster prevention apps... Various disaster prevention information

PC (such as Meteorological Agency HP, Shiga Prefecture, Higashiomi City HP, and others)

TV (data broadcast, news) and radio

Others ( \_\_\_\_\_ )

Warning Level Evacuation information and others	<b>1</b> Early warning information	<b>2</b> Heavy rainfall warning and flood alert	<b>3</b> Issue orders to senior citizen and the like	<b>4</b> Issue evacuation order	<b>5</b> Ensure emergency safety
	<ul style="list-style-type: none"> <li>Clean around your house</li> <li>Prepare to make evacuating possible</li> </ul>	<ul style="list-style-type: none"> <li>Reconfirmation your evacuation plans</li> </ul>	<ul style="list-style-type: none"> <li>The elderly, etc. (those who need extra time to evacuate) Caregivers should reconfirm when to start their evacuation</li> </ul>	<ul style="list-style-type: none"> <li>Everyone must take action to evacuate Begin evacuation</li> </ul>	<ul style="list-style-type: none"> <li>There is danger to life Ensure safety in an emergency!</li> </ul>
Disaster prevention information (Information equivalent to the warning level)	<input checked="" type="checkbox"/> Meteorological information about heavy rain <small>▼Information required because of assumed flooding or landslide damage in your residential area</small> <input type="checkbox"/> Weather information about river flooding * <input type="checkbox"/> Weather information about landslide disasters * <input type="checkbox"/> Risk distribution of landslide disasters (P48) <small>▼Fill in any necessary information other than the above</small> <input type="checkbox"/> ( )	<input checked="" type="checkbox"/> Heavy rainfall warning and flood alert <input type="checkbox"/> Flood caution information <input type="checkbox"/> Caution	<input checked="" type="checkbox"/> Heavy rainfall and flood warnings <input type="checkbox"/> Flood warning information <input type="checkbox"/> Warning	<input type="checkbox"/> Flood hazard information <input type="checkbox"/> Landslide warning information <input type="checkbox"/> Highly dangerous <input type="checkbox"/> Extremely dangerous	<input type="checkbox"/> Special warning <input type="checkbox"/> Flood occurrence information
Mark the information as reference. ◎: Especially necessary ○: Required					
Action	Example	<ul style="list-style-type: none"> <li>Investigate the path of the typhoon. Clean up around the house.</li> <li>Check what you will need to evacuate.</li> </ul>	<ul style="list-style-type: none"> <li>Complete any necessary shopping and errands.</li> <li>Return home as soon as is possible.</li> <li>Contact your relative's home (a safe place).</li> </ul>	<ul style="list-style-type: none"> <li>Send your grandmother (the elderly) to your relative's home (a safe place).</li> <li>Move all valuables and your stockpiled supplies to the second floor of your house.</li> </ul>	<ul style="list-style-type: none"> <li>Evacuate to a shelter. (If vertical evacuation is not possible)</li> <li>Move to the second floor of your house. (When vertical evacuation is possible)</li> </ul>
	Family				
	If family is out of the house				
Neighborhood Region (Neighborhood associations, or others)		<ul style="list-style-type: none"> <li>Tell any elderly neighbors that a typhoon is approaching.</li> </ul>	<ul style="list-style-type: none"> <li>Take your elderly neighbor to a shelter.</li> </ul>	<ul style="list-style-type: none"> <li>Contact your leader that you have completed your evacuation (to ensure your safety).</li> </ul>	

Disaster occurs Always evacuate up to disaster warning level 4!

Continue evacuation

\* Orders are not always issued.
